Guild Of Dough was founded by Daniel and Johnny in the second lockdown of 2020. From its humble beginnings in a domestic kitchen, to having our very own shop and cafe, our core values have remained the same: to make exceptional bread.

We think that the three most important things that go into a loaf of bread are good ingredients, skill, and time. Our commitment to quality means that we are proud of the products we supply - but we're also competitive, and we supply our best quality products at the best possible price for you and your business.

The products listed in this brochure are not an exhaustive example of what we offer; we also have a rotation of seasonal offerings throughout the year, and, if there is something you're particularly looking for, then we're happy to discuss and innovate alongside you to find the right product for your business.
